The History of Ritsumeikan

The Founding Spirit and Educational Philosophy of Ritsumeikan

The history of Ritsumeikan dates back to 1869 when Prince Kinmochi Saionji, an eminent international statesman of modern Japan, founded “Ritsumeikan” as a private academy on the site of the Kyoto Imperial Palace. In 1900, Kojuro Nakagawa, former secretary of Prince Saionji, established Kyoto Hosei School (Kyoto School of Law and Politics), an evening law school that was open to working people. This school formally adopted the name Ritsumeikan in 1913 and was finally given the status of a university in 1922.

The school spirit of liberalism and internationalism advocated by Prince Saionji was combined with the ideals of academic freedom and vivacity pursued by Kojuro Nakagawa, and became a tradition of the university. This tradition also survived the intense suppression of the prewar days, as evidenced by the fact that Ritsumeikan University accepted seventeen professors who were forced by the government to leave Kyoto Imperial University (present-day Kyoto University) for their pacifist activities.

After World War II, Ritsumeikan adopted the educational philosophy of peace and democracy, faithful to the spirit of the Japanese Constitution and the Education Fundamental Law. In 1948, Ritsumeikan became one of the first Japanese universities to be reorganized under the new education system. Ritsumeikan carried out extensive reforms to ensure democratic

administration of the university to better serve society as an educational institution open to the public.

In the 1990s, in response to the changes leading to a globalized information society, each faculty went through curriculum revisions to accommodate the changing global complexities and innovations affecting higher education. One significant part of these changes was the introduction of the international education programs such as the Five-Week Intercultural Programs; the One-Year Program; Ritsumeikan-UBC (the University of

Ritsumeikan Timeline

1869	Prince Kinmochi Saionji founds the private academy “Ritsumeikan” on the site of the Kyoto Imperial Palace
1900	Kojuro Nakagawa, former secretary of Prince Saionji, establishes the Kyoto Hosei School
1913	The school adopts the name “Ritsumeikan”
1922	The school name officially changes to Ritsumeikan University
1945	President Hiroshi Suekawa introduces a series of democratic reforms, including the Plenary Council and Presidential Election System
1965	Kinugasa Campus is established in Kyoto City’s Kita Ward
1994	Biwako-Kusatsu Campus (BKC) is established in Kusatsu City, Shiga Prefecture / Uji Academy is merged with Ritsumeikan Uji Junior and Senior High School
1995	Keisho Academy is merged with Ritsumeikan Keisho Junior and Senior High School
2000	Ritsumeikan Asia Pacific University is established in Beppu City, Oita Prefecture
2004	Ritsumeikan University School of Law is established at Kinugasa Campus

2005	Ritsumeikan University Graduate School of Technology Management is established at BKC
2006	Suzaku Campus is established in Kyoto City’s Nakagyo Ward / Ritsumeikan Moriyama Senior High School is established in Moriyama City, Shiga Prefecture / Ritsumeikan Primary School is established in Kyoto’s Kita Ward / Graduate School of Management is established at Suzaku Campus
2007	College of Image Arts and Sciences is established / Ritsumeikan Moriyama Junior High School is established in Moriyama City, Shiga Prefecture / Graduate School of Public Policy is established at Suzaku Campus / In College of Social Sciences, Department of Social Sciences, and Department of Human Welfare are combined to form Department of Social Sciences / Tokyo Campus is established
2008	Colleges of Life Sciences and Pharmaceutical Sciences are established
2009	The Kyoto Studies Program and the Language and Communication Program are established in College of Letters
2010	College of Sport and Health Science and Graduate school of Sport and Health Science are established
2011	Global Studies Major is established in College of International Relations / Graduate School of Image Arts and Sciences is established

British Columbia) Academic Immersion Program; and the Dual Undergraduate Degree Program / Dual Masters Degree Program with American University. As a result of these programs and the extensive global network Ritsumeikan has developed, the university now has one of the largest international student bodies in western Japan, offering numerous invaluable overseas study opportunities to its students.

Today, Ritsumeikan University offers a wide range of courses in advanced studies at Kinugasa Campus in Kyoto, Biwako-Kusatsu Campus (BKC) in Shiga, and Osaka Ibaraki Campus (OIC) in Osaka. The year 2020 marked the 150th anniversary

of the founding of the Ritsumeikan private school and the 120th year of the establishment of Ritsumeikan University. Previously, to commemorate the 100th anniversary, Ritsumeikan opened an international educational institution, Ritsumeikan Asia Pacific University (APU), in Oita Prefecture in April 2000. The addition of APU has given new momentum to Ritsumeikan as it continues to adhere to its founding spirit into the 21st century. To date, the Ritsumeikan Trust has evolved into a comprehensive educational institution consisting of two universities, four senior high schools, four junior high schools, and one primary school.

The Origins of the Name “Ritsumeikan”

The word ritsumei comes from a passage in the Jinxin chapter of the Discourses of Mencius. This passage states that:

“Some die young, as some live long lives. This is decided by fate. Therefore, one’s duty consists of cultivating one’s mind during this mortal span and thereby establishing one’s destiny.”

2012	Graduate Schools of Information Science and Engineering and Life Sciences are established / In College of Science and Engineering, Department of Electrical and Electronic Engineering and Department of Photonics are combined to form Department of Electrical and Electronic Engineering / Department of VLSI System Design changes its name to Department of Electronic and Computer Engineering / Department of Mechanical Engineering and Department of Micro System Technology are combined to form Department of Mechanical Engineering / In College of Letters, 14 majors and programs are combined and 8 programs and 18 majors are established
2013	Community and Regional Policy Studies Major is established in College of Policy Science / Dalian University of Technology-Ritsumeikan University International School of Information Science and Engineering is established
2014	Graduate School of Pharmacy is established / Major in Informatics of Behavior and Cultures is established in Graduate School of Letters and the system of 2 majors with 15 specialized courses is established / Ritsumeikan Junior and Senior High School moves from Fukakusa Campus to Nagaokakyo Campus
2015	Osaka Ibaraki Campus (OIC) is established in Ibaraki City, Osaka Prefecture / College of Business Administration, College of Policy Science, Graduate School of Business Administration, Graduate School of Policy Science, Graduate School of Technology Management, and Graduate School of Management are moved to OIC / Department of Pharmaceutical Sciences is established in College of Pharmaceutical Sciences

2016	College of Comprehensive Psychology is established / Hirai Kaichiro Memorial Library is opened
2017	Graduate School of Professional Teacher Education is established / In College of Information Science and Engineering, Information Science and Engineering course is established to form seven courses in one college / College of Economics is reorganized to form two majors in one department
2018	College of Gastronomy Management is established / American University-Ritsumeikan University Joint Degree Program is established in College of International Relations / Graduate School of Science for Human Services is reorganized / Graduate School of Human Science is established
2019	College of Global Liberal Arts is established
2020	Major in Pharmaceutical Sciences in the Graduate School of Pharmacy is established (Master's Program)
2021	Graduate School of Gastronomy Management is established
2023	College of Sustainability and Tourism is established at Ritsumeikan Asia Pacific University

Academy Overview

The Founding Spirit and Educational Ideals of the Ritsumeikan Academy

The Ritsumeikan Academy was founded in 1900 as the Kyoto Hosei School (Kyoto School of Law and Politics), an evening law school open to working people. The school was founded by Kojuro Nakagawa, former secretary to Prince Kinmochi Saionji, liberal statesman of late 19th and early 20th Century Japan. With Saionji's blessing, the name was changed to Ritsumeikan Private University in 1913. The university established itself upon the spirit of "freedom and innovation" and set "peace and democracy" as its core educational philosophy.

The Ritsumeikan Academy has now become an integrated academy with a rich culture of individuality and international awareness accommodating a total of approximately 50,000 students. The current Ritsumeikan Academy has campuses in Hokkaido, Shiga, Kyoto, Osaka, and Oita and encompasses two universities, four high schools, four junior high schools, and one primary school. Since Ritsumeikan's establishment, approximately 430,000 students have graduated from Ritsumeikan University and 20,000 from Ritsumeikan Asia Pacific University (APU).

The Ritsumeikan Academy fosters learning and the development of individual talents in order to nurture just and ethical global citizens.

Futurize.

You determine the future.

What *is* the future?

The future is uncertainty. There are no right answers.

Therefore, YOU can create it yourself.

History can be altered by the will of a single individual.

That individual could be YOU.

All that you dream, everything that inspires and challenges you,
helps shape the future.

Here is where knowledge and society intersect.

... where individuals interact with others, and everyone benefits.

The unknown world beckons, and pathways to the future open up.

Now, come meet the YOU you've never known!

The world as we see it may seem unpredictable,
but together we can see it as something different.

Regardless of how difficult your individual path may be,
you have someone here who will encourage you, and cheer you on.

Do not falter, do not fear.

The future is yours.

About the tagline

■ Primary slogan: Futurize.

As we approach the year 2030, the world will change at an increasingly rapid pace and become more unpredictable than ever before. There will be no right answers. What we need in times like these is a commitment to the future. At Ritsumeikan, we will not be bound by conventional wisdom, frameworks, or stereotypes, but rather we will question them and propose what the future should look like. We have formulated this slogan with the intention of demonstrating this attitude to our students at every level and our faculty and staff with the aim of inspiring to keep tackling new challenges. It is also intended to present an image of Ritsumeikan to the public as an Academy that takes on the challenges of an ideal future and to create a driving force for both research and education.

■ Secondary slogan: You determine the future.

In a world where there are no right answers, it is important that a diverse array of efforts to tackle challenges emerge from the individuality and values of each and every person. Furthermore, the combination of these efforts will create new values that have never been seen before. This secondary slogan is intended to further develop the culture of diversity that Ritsumeikan has fostered to date and to encourage our students at every level and our faculty and staff to tackle the challenges of the future.

About the logo

The non-regular squares used in the cover design symbolize the free flow of ideas needed to break free from past conventions, to overcome the hesitation to be our unique selves, to dare to be different, and to take on challenges without seeking stability. The dot, the smallest unit of any image, expresses the human potential of the digital age. Starting from a single square, you can freely envision infinite possibilities beyond the defined limits. This square logo has no fixed shape and can be transformed into various other shapes. Ritsumeikan's new tagline, "Futurize," expresses our determination to shape a future with our own hands, and the logo is intended to intuitively convey this concept.
